

Jerry Fowler

I grew up, in small towns in south Texas, mostly along the coast. I have had a job since the age of 14, (or before if you count mowing yards at age 10) and have always paid my own way. I married my wife, Ann, she is the best thing that has ever happened to me. She has put up with me for 50 years. We moved to the Austin Texas area where I once again worked for Alcoa Aluminum as laboratory technician, safety technician, and quality assurance auditor. The plant closed so I retired. While in the Austin area I served on the Hutto City Council. I like hunting and fishing and the outdoors.
