

Jim Feehan

I am a Navy veteran who has been a Wild Horse Ranch landowner for 25 years. I became a full time resident here six years ago and have spent half of that time as a member of the WHR branch of the Pie Town fire department. I am currently serving as a director for the WHRLA, as well as Secretary, Chairman of the Maintenance Committee and Webmaster. I have been instrumental in updating association documents and creating and maintaining the current WHRLA website. I have contributed much time to community infrastructure improvements such as installing new mailboxes at both locations, well house rewiring and re-plumbing, and ongoing maintenance of the association assets.
