

**Becky Shepherd**

I first came to Wild Horse Ranch in 2017 from AZ. I have lived in the community full time since 2019. I worked for a commercial property management company as the accountant for 12 years. Before that I spent 13 years' in the mortgage industry as a loan processor and Jr. Underwriter. I also served 3 year on my HOA board in AZ. After the 2025 election several of the candidates refused to accept their director position. I volunteered and was appointed by the board. Since then I have also taken on the Secretary position. As you may know it's not easy wanting to be involved with the board. It's a time consuming and often unappreciated job but it's not about the board, it's about our community.
