

**Jerry Fowler**

Hello Neighbors, I have accepted the nomination for reelection to the Board of Directors in the 2026 election. I have volunteered to serve as a director in the past and I was elected to the BOD in the last election. I am including a short Bio for those that do not know me. My name is Jerry Fowler, my wife and I bought Lot 77, Phase 5, in 2021. We call it "End of The Road Ranch". It is at the end of Web Ranch Road. We have visited and camped on my property a few times a year. My wife and I enjoy WHR and hope to increase our visits. We live primarily south of Houston Texas. We are retired and like to travel, when we can. We have children and grandchildren that are also outdoorsman. I do think it is now and would continue to be a good idea to have a member of the board that does not live at WHR. I may see things from a visiting landowner standpoint. I do not think I have any special abilities to be on the board, but I do have some experience that might be helpful. I did serve on the city council of a small Texas town, Hutto Texas. I know that as a volunteer to serve, all Directors and Officers of WHRLA are putting in a lot of time and working hard to make WHR a good place to live and visit. I also know you get very few "Thank You's". So, Thank You. I do not have any agenda other than to help govern by written procedures, so all matters are fair and equal to all WHR landowners. If you would like me to help, you have the ability to re-elect me to the BOD. If you have questions for me, feel free to call or email me.
