

Zina Day McGuire

I have been a full-time resident of Wild Horse Ranch since 1998 with two family homesteads found within the subdivision. I am familiar with the original vision the developers had for Wild Horse Ranch and am a strong advocate for the homeowners and their needs. I have been engaged with the WHRLA since its early days and attended the very first association meeting in 1999. I am a founding member of the Wild Horse Fire Department and served in the Fire Service for 21 years. During that time, I served as Wild Horse District Fire Chief, Catron County Fire Chief and Catron County Fire Marshal. I also retired from a career in corporate America and am experienced in dealing with multimillion-dollar budgets, data security, office administration, personnel management, planning and development, and investigative services. I have served multiple terms on the WHRLA board from 2000-2022. During that time, I served 3 terms as Secretary, 4 terms as a Director, and 1 term as President. I am familiar with non-profit organizations. The purposes and functions of the Association are not being met, and I wish to serve on the board to help ensure that those purposes are met. Homeowners' voices need to be heard and represented. It is my belief that the board must be transparent and communicate regularly with homeowners. We need in person meetings in addition to Zoom meetings. I want to help rebuild the Ranch and make once again the vibrant community-oriented place it used to be. Thank you for your vote and support.
